Project Name	Project - Visualizing and Predicting Heart Diseases with an Interactive Dash Board

I am	A person of any age ,probably a heart patient or may not be
I'm trying to	Understand my cardiac health and whether I'm prone to heart diseases or not
but	I'm not able to visit a medical professional
because	I don't have the time or money or sometimes the doctor is not available
which makes me feel	Uncertain, anxious and doubtful about my health

I am	I'm trying to	but	because	which makes me feel
A patient	Understand my cardiac health	I'm not able to visit a medical professional	I don't have the time or money or sometimes the doctor is not available	Uncertain, anxious and doubtful about my health
